“Empower Change! Live the joy of true giving”

DON BOSCO INDIA

Wish you the Joy and Peace of Christmas Season

Dear Friend,

It is once again the time of reflection, as we bid adieu to another year and step forward into a new one. As the New Year approaches, I would like to thank each and every one of you who has supported our work. The impact and change that we have created will echo long into the coming years. On behalf of the Bosconet team and all those whose lives have been enriched by your generosity, I wish you and your family a Merry Christmas and a prosperous New Year.

Bosconet has come a long way since it was first established. The calendar for 2018 illustrates 12 of our social development interventions undertaken in the previous year for the betterment of marginalized communities. It is interesting to note that each of the intervention has managed to reach a vast spectrum of beneficiaries; from children at risk of exploitation, to youth from marginalized communities to the women in rural pockets of India. Sustainable Development of all those in need, in conjunction with conservation of the environment, constituted the core of our developmental activities, especially in the previous year.

In this New Year, I have good faith that many more vulnerable children, youth and women will benefit due to the positive relationship we share. As we prepare ourselves for the new beginnings, I pray that the coming year may be one filled with peace and goodness for you and your loved ones. Thank you.
