Don Bosco network has been involved since the imposing of national level “curfew”, in mobilizing resources, procuring essential supplies, like food, sanitary items, production of masks, packing and distributing them to the vulnerable and marginalized people across India through its 11 regional offices and their constituent local centres. This is a short interim report articulating the Don Bosco network’s COVID-19 response interventions and reach out as on March 04, 2020.

We have been focusing mainly on three types of interventions:

1. Distribution of provisions and sanitary items (as kits)
2. Distribution of cooked food
3. Production of masks

The main target groups are:

1. Migrant, slum, poorest of the poor, transgenders, dailywagers and vulnerable families
2. Old age people no one to support
3. Stranded individuals,

The standard provisions + sanitary items kit contains the following supplies. However, based on the availability, and the food habit of the people at the target locations, the contents varied.

Wheat / Atta flour	5 kg
Cooking oil	2 Ltr.
Dal	2 kg
Biscuits for kids	5 packets
Sanitary napkins	3
Facemasks (Reusable)	5

Necessary permissions were secured from the authorized authorities at the respective locations, vehicle passes, police security, were also secured. Many young people came forward as volunteers for the packing and distribution of kits and other relief materials. They were given appropriate protection gears.
