BEGINNINGS

Message from the Director

Dear Friends,

Hope and trust are powerful words. These two words are often natural to a child's state of being. Children's hope for happiness and trust in a world and future they do not know, are indeed lessons for us as we begin this new year. They teach us that despite the setbacks and the challenges that we see in the world around us, especially in climate change and inequality among people, change is possible.

We, in the Don Bosco Network, hope and trust that our good intentions and hard work towards creating that safe, happy world for all children, irrespective of any barrier; will be realised to a greater extent this year. We trust that you, our fellow partners in this worthy initiative, will also be with us every step of the way. Thank you for your staunch support towards empowering children, youth and communities who are at risk. It has made a difference in their lives. Your continued care and support are a huge source of hope and trust in a better world for them.

On behalf of the Don Bosco Network team, I wish you and your loved ones a happy, healthy and prosperous new year. May it also be a fulfilling one, as inspired by the children's spirit; we continue to transform lives, one person at a time.

A very happy New Year to you!
