Wish Your Life is Empowered in the New Year

Dear Friend,

As we step into the last year of the decade, we reflect not just on the year that has gone by, but also on what else we can do in the new year to truly make the last ten years qualify as a success! I take this opportunity to thank you for the constant support you have given towards our work - god bless you!

Each passing year has earned Bosconet the support of more people like you - through which we, in turn, have been able to empower those most in need, especially the young at risk. With your help, Bosconet has identified and implemented solutions to issues faced by children, youth, women and the planet at large. Along with education, training and skilling, we at Bosconet strive to impart hope to those we reach out to, so that they may embrace whole-heartedly this second chance at life.

In 2018, apart from our regular work, your support enabled us to reach out to those most affected by the floods in Kerala. Our staff and volunteers worked tirelessly to provide relief and rehabilitation wherever possible - cleaning up debris, organising relief camps, medical camps, providing relief material and counselling. We are truly grateful for your immediate and generous response!

In 2019, we hope to make more progress and touch many more lives - I am confident that together, this is possible, because our goal is not merely to help people, but empower them. And the effects of such empowerment are always manifold.

On behalf of the whole team at Bosconet, I wish you a happy and fulfilling New Year 2019 and pray that it brings you and your family joy and peace.

Empower Life! Live the joy of true giving

Fr. Noel Maddhichetty
Director, Bosconet
